Team Management
Working in Agile environment

Outgoing Bachelor of Science Degree in Software Engineering and +2 years of experience in all level of testing, performance, and system design. Supportive and enthusiastic team player dedicated to streamlining process and efficiently resolving project issues. Seeking to leverage my technical and professional expertise to grow in the developer role in your company.

Education

Aug 2014- Bachelor of Science degree in Software Engineering – GPA 3.4
Dec 2017 San Jose State University, San Jose, CA

Relevant Coursework

- Web Programing
- Mobile Development
- Database Management
- Network Security
- Software Quality Testing
- Data Structures
- Java Programing
- Design Patterns
- Enterprise Software
- Software Project Management
- Object-Oriented Design
- Information Security
- Distributed OS
- Software Process
- Human Computer Interaction

Class Projects:

- Feb 2017- Dec 2017 **DroneItOut**
- Researched, designed and implemented scalable for voice control, predefined paths, and flying patterns for the drone.
 - Directed design and development while remaining focus on client needs.
 - Collaborated closely with other team members to plan, design, develop robust solutions.
 - Evaluated interface between hardware and software.
 - Advised clients regarding using of diverse application's features.
- Sep 2017- Dec 2017 **TravelBox**
- Rapidly prototyped new capabilities to execution.
 - Implemented designs multiple features using Swift and MapKit.
 - Established clear specifications and formulated software requirements.
 - Worked effectively with project manager to ensure features are done.
 - Interfaced with other developers to determine optimal specifications.
- Feb 2016- May 2016 **GigSearch**
- Created Backlog, Spring Planning in Agile environment.
 - Prepared detail reports concerning project specifications and activities.
 - Consulted regularly with professor on project status and technical issues.
 - Provided problem solving for other team members.

Personal Project:

- May 2017- Aug 2017 **Online Whiteboard**
- Planned and organized ideas to prepare for constructing a website.
 - Modified existing codes to correct errors, upgrade interface, and improve security and performance.
 - Added more features such as real time video calls and chat message.
 - Got a hand on making responsive website with Bootstrap framework.

Activities/Rewards

- Dec 2017 **Member**, SCE (Software & Computer Engineering Society), SJSU.
May 2010 **Scholastic achievement** GPA 3.5-3.9, top 3 of Senior Honors, William C. Overfelt
Dec 2013 **Math Tutor**, Evergreen Valley College.
Jun 2014 **Volunteer**, VIVO (Vietnamese Voluntary Foundation).
Mar 2010 **Certificate of Excellence** in recognition of my outstanding academic performance.
